Product Requirements Document (PRD)

Product Name

NorthEastern Stitches Online Store

---

1. Product Vision

Build a premium online marketplace where customers worldwide, especially Nigerians in Europe, can browse, customize, purchase, and track authentic Nigerian traditional clothing directly from NorthEastern Stitches.

The goal is to eliminate dependence on WhatsApp orders and manual coordination while expanding the company's reach to international customers.

---

2. Business Goals

Primary Goals

- Sell products online 24/7
- Reach Nigerians in the diaspora
- Increase monthly sales
- Accept international payments
- Simplify order processing
- Build customer loyalty

Success Metrics

- Number of online orders
- Revenue generated
- Customer retention
- Average order value
- Order completion rate
- Website conversion rate

---

3. Target Users
